

APPLICATION FOR ACCESS TO DATA FROM THE JANUSRNA STUDY (REC NO 19892)

CONTACT INFORMATION		
Name		Position
Institution		<input type="checkbox"/> PhD Student <input type="checkbox"/> Post Doc <input type="checkbox"/> Researcher <input type="checkbox"/> Other
Phone		
E-mail		
Registered research institution, address City, Country		
PROJECT DETAILS		
Project title		
Format (e.g. SPSS, NSDstat)		
Purpose of project		
Short project description (max 1 page)		
Description of data variables		
Name and affiliation of project co-investigators that will have access to data		
In which geographic area the data analyses are to be performed	<input type="checkbox"/> EU/EEA <input type="checkbox"/> non-EU/EEA <input type="checkbox"/> other countries	
Description of institutional data security measurements (attach relevant documents)	<input type="checkbox"/> Risk and vulnerability analysis <input type="checkbox"/> Multi-factor authentication <input type="checkbox"/> Single-factor authentication	
Legal basis of the processing subject to Article 6 and Article 9 of the GDPR (specify which specific rule applies) and supplementary legal basis in Norwegian National law.		

Access to personal data requires that the applicant institution can demonstrate that appropriate technical and organizational measures are taken to ensure that the requirements of the General Data Protection Regulation EU 2016/679 (GDPR) are met.

DATA PROCESSING IMPACT ASSESSMENT (DPIA) GDPR Article 35 Section 1, cf. Section 3 Letter b)

Before the applicant can get access to the data, a DPIA must be carried out. The applicant needs to document that a DPIA is carried out by ticking off the boxes below. The DPIA shall at least contain the following (cf. Article 35 No 7):

- A systematic description of the envisaged processing operations and the purposes of the processing, including, where applicable, the legitimate interest pursued by the controller,
- An assessment of the necessity and proportionality of the processing operations in relation to the purposes,
- An assessment of the risks to the rights and freedoms of data subjects referred to in paragraph 1, and
- An assessment of the measures envisaged to address the risks, including safeguards, security measures and mechanisms to ensure the protection of personal data and to demonstrate compliance with this Regulation taking into account the rights and legitimate interests of data subjects and other persons concerned.

NOTE!! All publications based on data from the JanusRNA dataset must acknowledge the original funding source and the project PI's Drs Langseth and Rounge will be co-authors. Confirm that you accept this:

- The production of data to the JanusRNA dataset was supported by The Norwegian Research Council's Programme 'Human Biobanks and Health Data [Project contract No. 229621 /H10, 248791 /H10] and The Norwegian Cancer Society [Project contract No. 208201-2019] that will be acknowledge in article using JanusRNA.
- The project PI's Drs Langseth and Rounge shall be co-authors on article using JanusRNA to ensure that the use of data is according to the FAIR principals and ensure accuracy and reliability of the shared data.
