

Papers related to the NBCSP, published in peer reviewed journals by Januar 2nd 2018

1. Ottestad PM (1996)
IT solutions in a centrally organised mammography screening in Norway. Medical Informatics Europe
2. Wang H, Thoresen S, Tretli S (1998)
Breast cancer in Norway 1970-1993: a population-based study on incidence, mortality and survival. Br J Cancer.
3. Thoresen S (1999)
Mammography screening of women aged 40 plus--how long must the Norwegian women wait this time?] Tidsskr Nor Laegeforen. Norwegian.
4. Kåresen R, Bo JK, Hustveit S et al (1999)
Cost-effectiveness of mammography screening in Norway] Tidsskr Nor Laegeforen. Norwegian.
5. Thoresen S (2000)
Different motives behind criticism of mass screening for cancer of the breast and cervix uteri] Tidsskr Nor Laegeforen. Norwegian.
6. Wang H, Jepsen P, Kåresen R et al (2000)
Ductal Carcinoma In Situ of the breast. A review of Diagnosis, treatment and outcome in a hospital based Norwegian series. Acta Oncologica
7. Iversen BF, Eriksen L (2000)
[Mammography screening in Rogaland--the first round] Tidsskr Nor Laegeforen. Norwegian.
8. Wang H, Hofvind S, Thoresen S (2000)
[A pilot project with mammography--results from the first screening round] Tidsskr Nor Laegeforen. 2000 Nov 10;120(27):3237-40. Norwegian.
9. Thoresen S (2001)
Mammography screening saves life] Tidsskr Nor Laegeforen. Norwegian.
10. Wang H, Kåresen R, Hervik A et al (2001)
Mammography screening in Norway: results from the first screening round in four counties and cost-effectiveness of a modeled nationwide screening. Cancer Causes Control.
11. Hofvind S, Thoresen S (2001)
Physical activity and breast cancer] Tidsskr Nor Laegeforen. Norwegian
12. Wang H, Bjustam H, Bjørndal H et al (2001)
Interval cancers in the Norwegian breast cancer screening program: frequency, characteristics and use of HRT. Int J Cancer.
13. Ekeberg O, Skjauff H, Karesen R. (2001)
Screening for breast cancer is associated with a low degree of psychological distress. Breast
14. Klabunde CN, Sancho-Garnier H, Broeders M et al (2001)
Quality assurance for screening mammography data collection systems in 22 countries. Int J Technol Assess Health Care.
15. Wang H, Hofvind S, Tretli S et al (2002)
Does organized mammographic screening reduce breast cancer mortality? The Cancer Registry's view on the current debate] Tidsskr Nor Laegeforen. Norwegian.
16. Klabunde CN, Sancho-Garnier H, Taplin S et al (2002)
Quality assurance in follow-up and initial treatment for screening mammography programs in 22 countries. Int J Qual Health Care.
17. Sauer T, Young K, Thoresen S (2002)
Fine needle aspiration cytology in the work-up of mammographic and ultrasonographic findings in breast cancer screening: an attempt at differentiating in situ and invasive carcinoma. Cytopathology.
18. Hofvind S, Wang H, Thoresen S (2003)
The Norwegian Breast Cancer Screening Program: re-attendance related to the women's experiences, intentions and previous screening result. Cancer Causes Control.

19. Hofvind S, Wang H, Thoresen S (2003)
[Introduction and evaluation of screening] Tidsskr Nor Laegeforen. Norwegian.
20. Skaane P, Young K, Skjennald A (2003)
Population-based mammography screening: comparison of screen-film and full-field digital mammography with soft-copy reading--Oslo I study. Radiology.
21. Sauer T, Myrvold K, Lomo J et al (2003)
Fine-needle aspiration cytology in nonpalpable mammographic abnormalities in breast cancer screening: results from the breast cancer screening programme in Oslo 1996-2001. Breast.
22. Obenaauer S, Hermann KP, Marten K et al (2003)
Soft copy versus hard copy reading in digital mammography. J Digit Imaging.
23. Hofvind S, Wang H, Thoresen S (2004)
Do the results of the process indicators in the Norwegian Breast Cancer Screening Program predict future mortality reduction from breast cancer? Acta Oncol.
24. Skaane P, Skjennald A (2004)
Screen-film mammography versus full-field digital mammography with soft-copy reading: randomized trial in a population-based screening program--the Oslo II Study. Radiology.
25. Hofvind S, Thoresen S, Tretli S (2004)
The cumulative risk of a false-positive recall in the Norwegian Breast Cancer Screening Program. Cancer.
26. Langmark F and Thoresen S (2004)
Overdiagnosis and mammography screening] Tidsskr Nor Laegeforen. Author reply. Norwegian
27. Skaane P, Skjennald A, Young K et al (2005)
Follow-up and final results of the Oslo I Study comparing screen-film mammography and full-field digital mammography with soft-copy reading. Acta Radiol.
28. Skaane P, Balleyguier C, Diekmann F et al (2005)
Breast lesion detection and classification: comparison of screen-film mammography and full-field digital mammography with soft-copy reading--observer performance study. Radiology
29. Collett K, Stephansen IM, Eide J et al (2005)
A basal epithelial phenotype is more frequent in interval breast cancers compared with screen detected tumors. Cancer Epidemiol Biomarkers Prev.
30. Skaane P (2004)
CAD--the future blessing for radiology? Acta Radiol.
31. Skaane P (2004)
To believe or not to believe: looking into the unbelievable. Acta Radiol.
32. Hofvind S, Skaane P, Vitak B (2005)
Influence of review design on percentages of missed interval breast cancers: retrospective study of interval cancers in a population-based screening program. Radiology.
33. Weedon-Fekjaer H, Vatten L, Aalen O et al (2005)
Estimating mean sojourn time and screening test sensitivity in breast cancer mammography screening: new results. J Med SScreen
34. Møller B, Weedon-Fekjaer H, Hakulinen T, Tryggvadóttir L, Storm HH, Talbäck M, Haldorsen T. (2005). The influence of mammographic screening on national trends in breast cancer incidence. Eur J Cancer Prev.
35. Gram IT, Bremnes Y, Ursin G, Maskarinec G, Bjurstam N, Lund E (2005)
Percentage density, Wolfe's and Tabár's mammographic patterns: agreement and association with risk factors for breast cancer. Breast Cancer Res.
36. Hofvind S, Møller B, Thoresen S et al (2006)
Use of hormone therapy and risk of breast cancer detected at screening and between mammographic screens. Int J Cancer
37. Skaane P, Niklason L (2006)
Receiver operating characteristic analysis: a proper measurement for performance in breast cancer screening? AJR Am J Roentgenol. Author reply.

38. Hofvind S, Bjurstam N, Sørsum R et al (2006)
Number and characteristics of breast cancer cases diagnosed in four periods in the screening interval of a biennial population-based screening programme. *J Med Screen*
39. Törnberg S, Kemetli L, Lynge E et al (2006)
Breast cancer incidence and mortality in the Nordic capitals, 1970-1998. Trends related to mammography screening programmes. *Acta Oncol.*
40. Hofvind S, Sørsum R, Haldorsen T et al (2006)
Incidence of breast cancer before and after implementation of mammography screening *Tidsskr Nor Laegeforen.* Norwegian
41. Skaane P, Niklason L (2006)
Receiver operating characteristic analysis: a proper measurement for performance in breast cancer screening? *AJR Am J Roentgenol.* Author reply.
42. Hofvind S, Bjurstam N, Sørsum R et al (2006)
Number and characteristics of breast cancer cases diagnosed in four periods in the screening interval of a biennial population-based screening programme. *J Med Screen.*
43. Hagen AI, Kvistad KA, Maehle L et al (2007)
Sensitivity of MRI versus conventional screening in the diagnosis of BRCA-associated breast cancer in a national prospective series. *Breast.*
44. Skaane P, Kshirsagar A, Stapleton S et al (2007)
Effect of computer-aided detection on independent double reading of paired screen-film and full-field digital screening mammograms. *AJR Am J Roentgenol.*
45. Hofvind S (2007)
Breast cancer screening--prevalence of disease in women who only respond after an invitation reminder. *J Med Screen.*
46. Geller B, Zapka J, Hofvind et al (2007)
Communicating with women about mammography. *J Cancer Educ.*
47. Hofvind S, Geller B, Vacek P et al (2007)
Using the European guidelines to evaluate the Norwegian Breast Cancer Screening Program. *Eur J Epidemiol.*
48. Skaane P, Kshirager A, Stapleton S (2007)
Effect of computer-aided detection on independent double reading of paired screen-film and full-field digital screening mammograms. *AJR Am J Roentgenol.*
49. Vigeland E, Klaasen H, Klingen TA, Hofvind P, Skaane P (2007)
Full-field digital mammography compared to screen film mammography in the prevalent round of a population-based screening programme: the Vestfold County Study. *Eur Radiol*
50. Skaane P, Hofvind S, Skjennald A (2007)
Randomized Trial Comparing Screen-Film Mammography and Full-Field Digital Mammography with Soft-Copy Reading in a Population-based Screening Program: Follow-up and Final Results of the Oslo-II Study. *Radiology*
51. Hofvind S, Sørsum R, Thoresen S (2007)
Incidence and tumor characteristics of breast cancer diagnosed before and after implementation of a population-based screening-program. *Acta Oncologica*
52. Bremnes Y, Ursin G, Bjurstam N, Gram IT (2007)
Different measures of smoking exposure and mammographic density in postmenopausal Norwegian women: a cross-sectional study. *Breast Cancer Res.*
53. Bremnes Y, Ursin G, Bjurstam N, Rinaldi S, Kaaks R, Gram IT (2007)
Endogenous sex hormones, prolactin and mammographic density in postmenopausal Norwegian women. *Int J Cancer.*
54. Skaane P, Diekmann F, Balleyguier C et al (2008)
Observer variability in screen-film mammography versus full-field digital mammography with soft-copy reading. *Eur Radiol.*

55. Gram IT, Lund E (2008)
Breast cancer screening programme as setting for an adjunct research project: effect on programme attendance. *J Med Screen*.
56. Hofvind S, Vacek PM, Skelly J et al (2008)
Comparing screening mammography for early breast cancer detection in Vermont and Norway.. *J Natl Cancer Inst*.
57. Østerlie W, Solbjør M, Skolbekken JA, Hofvind S et al (2008)
Challenges of informed choice in organised screening. *J Med Ethics*.
58. Kalager M (2008)
Unclear about overdiagnosis of breast cancer. *Ugeskr Laeger*
59. Sauer T, Karimzadeh M (2008)
Characteristic cytological features of histological grade one (G1) breast carcinomas in fine needle aspirates. *Cytopathology*.
60. Hofvind S, Geller B, Skaane P (2008)
Mammographic features and histopathological findings of interval breast cancers. *Acta Radiol*.
61. Zahl PH, Maehlen J, Welch HG (2008)
The natural history of invasive breast cancers detected by screening mammography. *Arch Intern Med*.
62. Skaane P (2009)
Studies comparing screen-film mammography and full-field digital mammography in breast cancer screening: updated review. *Acta Radiol*.
63. Weedon-Fekjaer H, Lindqvist BH, Vatten LJ, Aalen OO, Tretli S.(2008)
Estimating mean sojourn time and screening sensitivity using questionnaire data on time since previous screening. *J Med Screen*
64. Weedon-Fekjaer H, Lindqvist BH, Vatten LJ, Aalen OO, Tretli S (2008)
Breast cancer tumor growth estimated through mammography screening data. *Breast Cancer Res*
65. Kalager M, Bretthauer M (2009)
Spontaneous regression of invasive breast cancer: does this study answer the question? *Arch Intern Med*.
66. Kalager M, Haldorsen T, Bretthauer M et al (2009)
Improved breast cancer survival following introduction of an organized mammography screening program among both screened and unscreened women: a population-based cohort study. *Breast Cancer Res*
67. Gøtzsche PC, Jørgensen KJ, Maehlen J, Zahl (2009)
PH Estimation of lead time and overdiagnosis in breast cancer screening. *Br J Cancer*.
68. Hofvind S, Vee B, Sørnum R, Hauge M, Ertzaas AKO (2009). Quality assurance of mammograms in the Norwegian Breast Cancer Screening Program. *European Journal of Radiography*
69. Suhrke P, Zahl PH, Maehlen J (2009)
Declining breast cancer incidence and decreased HRT use. *Lancet*.
70. Stuedal A, Ma H, Bjørndal H, Ursin G (2009)
Postmenopausal hormone therapy with estradiol and norethisterone acetate and mammographic density: findings from a cross-sectional study among Norwegian women. *Climacteric*.
71. Kurz KD, Roy S, Mödder U, Skaane P, Saleh A (2009)
Typical atypical findings on dynamic MRI of the breast. *Eur J Radiol*.
72. Hofvind S, Geller BM, Rosenberg RD, Skaane P (2009)
Screening-detected breast cancers: discordant independent double reading in a population-based screening program. *Radiology*.
73. Hofvind S, Yankaskas BC, Bulliard JL, et al (2009)
Comparing interval breast cancer rates in Norway and North Carolina: results and challenges. *J Med Screen*.

74. Skaane P (2009)
Molecular imaging: a potential new tool for early detection and monitoring of targeted breast cancer therapy. *Acta Radiol.*
75. Kalager M, Kåresen R, Wist E (2009)
Survival after breast cancer--differences between Norwegian counties. *Tidsskr Nor Lægeforening*
76. Pedersen K, Landmark ID (2009)
Trial of a proposed protocol for constancy control of digital mammography systems. *Medical Physics*
77. Weedon-Fekjaer H, Sørnum R, Brenn MK (2009)
Hormone therapy use may explain recent results regarding tumor regression. *Arch Intern Med.*
78. Myklebust AM, Seierstad T, Strandén E, Lerdal A (2009)
Level of satisfaction during mammography screening in relation to discomfort, service provided, level of pain and breast compression. *European Journal of Radiography*
79. Weedon-Fekjær H, Tretli S, Aalen OO.(2010)
Estimating screening test sensitivity and tumour progression using tumour size and time since previous screening. *Stat Methods Med Res.*
80. Törnberg S, Kemetli L, Ascunce N, Hofvind S et al (2010)
A pooled analysis of interval cancer rates in six European countries. *Eur J Cancer Prev*
